**FINANCIAL ADJUSTMENT FROM LOCAL ASSISTANCE STATE TRANSPORTATION
IMPROVEMENT PROGRAM (STIP) ON THE STATE HIGHWAY SYSTEM**

RESOLUTION FP-02-12

RECOMMENDATION

The California Department of Transportation (Department) recommends the California Transportation Commission approve the following Resolution.

FINANCIAL RESOLUTION

Resolved, that the November 2001 allocation of \$19,069,000 [Item #2.5c.(2)] for PS&E (design) is corrected to show the allocation is for construction. This allocation is from the Budget Act of 2001, Items 2660-301-0042 and 2660-301-0890 for one (1) State Transportation Improvement (IIP) project for the Alameda Corridor Transportation Authority in Los Angeles County.

SUMMARY AND CONCLUSIONS

The Department and the Alameda Corridor Transportation Authority have executed an agreement for the development of plans, specifications and estimates (PS&E) and construction of a grade separation project on State Route 1 (the Pacific Coast Highway) in Los Angeles County between Coil Avenue and Domingues Channel. At the November 2001 meeting of the California Transportation Commission a request was made for allocation of \$19,069,000 for development of the project. The allocation request [Item 2.5c.(2)] incorrectly identified that the allocation was for design (PS&E) of the project. The allocation should have been for construction of the project. This action corrects the component only with no change to the allocation amount. The change corrects the \$19,069,000 allocation approved in November 2001 from PS&E to Construction.
